Medical Diagnostic Imaging is a 5,500 square foot magnetic resonance imaging facility located in the Greenfield Towne Center in Greenfield, Wisconsin. Providing project management consulting for the interior construction, Project Management Advisors, Inc. (PMA) organized and managed the design and construction phases, including establishing the project schedule, preparing the project budget, negotiating the design/build contract, retaining and managing all owner's consultants and vendors, and coordinating occupancy. The facility is equipped with a GE SIGNA OpenSpeed MRI system, the first of its kind in Southeast Wisconsin. In addition to the MRI, the center includes CT and ultrasound rooms, dressing rooms, private waiting areas and administrative/office space.
