Architects Delawie Wilkes
Rodrigues Barker

General Contractor:
ROEL Construction

Project Management Advisors, Inc. (PMA) was retained by National University to oversee the complete redevelopment of their Kearny Mesa Campus, a 4.35 acre site in San Diego, California. The project consisted of the demolition of an existing 23,000 square foot classroom structure including the design and construction of a new 39,000 square foot main classroom building, 7,000 square foot annex building and the design and construction of a two-level, 314 car parking structure. The new two-story main classroom building houses the schools of Technology, Engineering, Media and Communication. The 7,000 square foot two-story annex building expands the existing school of Oceanering and accommodates a 20,000 gallon dive tank and three hyperbaric chambers.
